

We Support Anyone Touched By Cancer

Hong Kong Cancer Fund **ANNUAL REVIEW**

2023-2024

Dear Donors, Supporters and Friends,

We want to express our heartfelt gratitude for your wonderful support that enables us to provide **FREE** seamless cancer support and help raise awareness on the importance of detecting cancer early. We offer psychosocial support for anyone touched by cancer and celebrate people surviving.

One of the things that inspires me the most is the way Cancer Fund brings so many amazing people together from all walks of life including survivors and their families, social workers, counsellors, nurses, doctors, art therapists, research teams, corporations, schools and donors and more.

In the last fiscal year we were privileged to serve more than 2,661 new clients with our care services offered by our professional team and provided over 1,000 programmes with nearly 21,000 attendances.

I feel grateful that our 21 Self-Help Groups, Friends of CancerFund, continue to flourish with more than 15,500 members who provide peer support to individuals touched by the same type of cancer.

The demand for our wellness programmes continues to increase and last year we had over 1,800 in-person and live streaming sessions, with a total attendance of over 32,000. Alongside this, our YouTube channel received over 1.2 million video views.

It has been a very difficult fundraising environment and I want to say a big thank you to our loyal supporters who help sustain our free professional care services. I sincerely thank all of our donors, our Cancer Fund team and volunteers for giving the gift of hope and ensuring no one faces cancer alone.

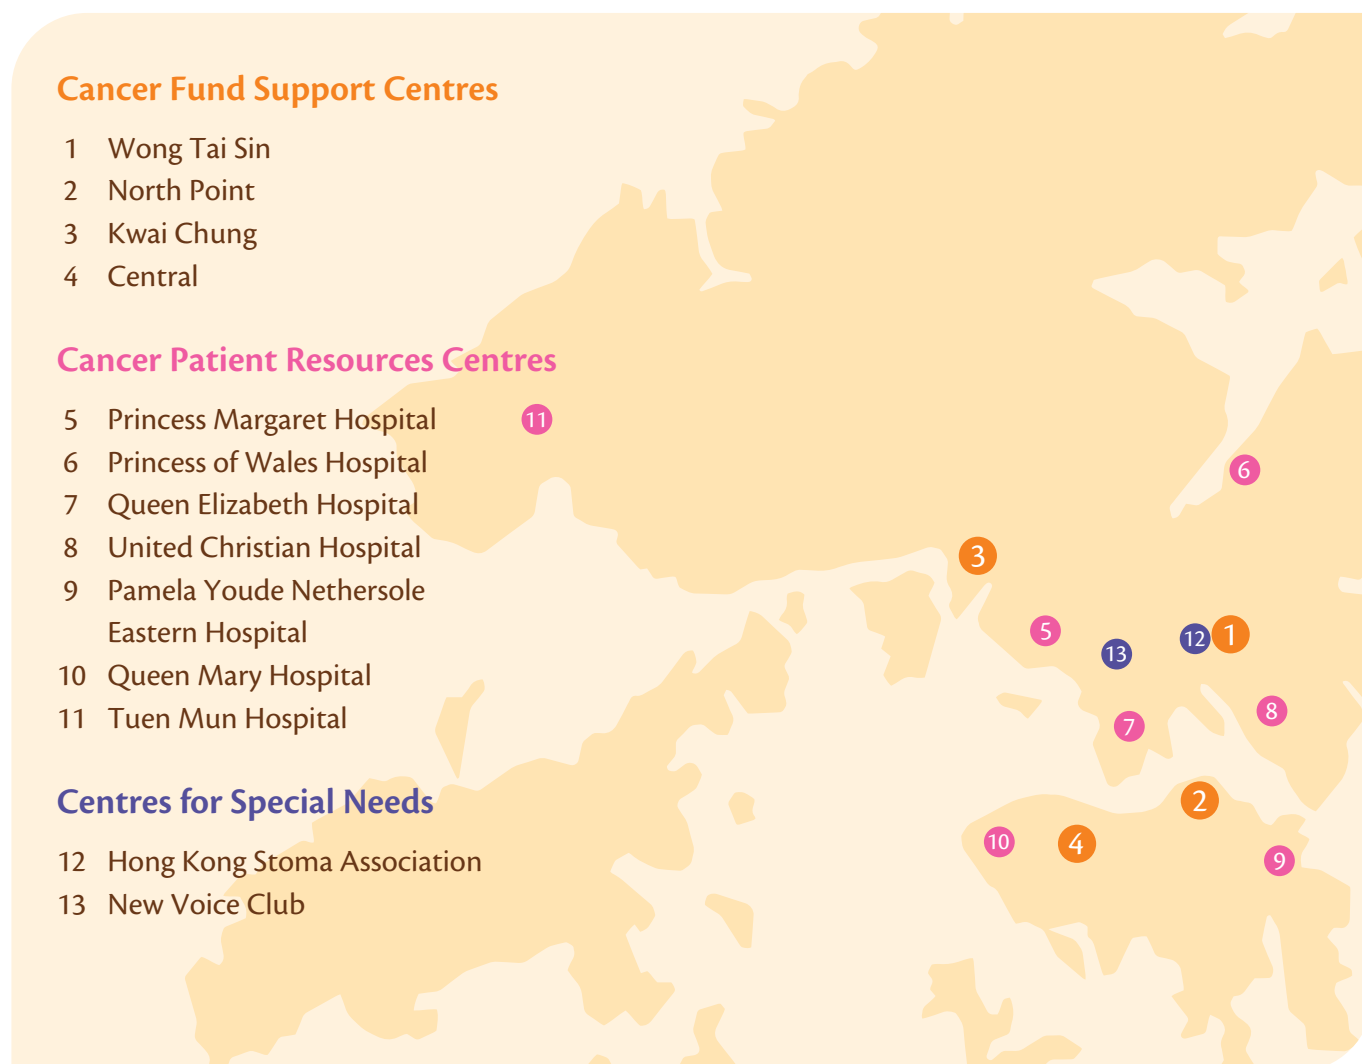

Lots of love

We Are Here For You : Our Highlights

At the Hong Kong Cancer Fund we provide **FREE** professional support to anyone touched by cancer. With a network of support spanning the hospitals, the community and home, our mission is to ensure that no one faces cancer alone.

Our practical, emotional and physical care meets the needs from the time of diagnosis, during cancer treatment and through the long road to recovery.

Although more people are being diagnosed with cancer, more are surviving a cancer diagnosis due to earlier detection and improved treatments. People can expect to live healthy and active lives for many years.

Using a holistic, personalised approach that is well coordinated and integrated we are here to ensure that those living with and beyond cancer get the care and support they need.

51,407 Attendances Recorded at our 4 Cancer Support Centres

Providing free information, professional counselling and a wide range of rehabilitation workshops and complementary therapies, our Centres are a haven for cancer patients, survivors and their families. Our Centres are located in Kwai Chung, Wong Tai Sin, North Point and Central.

7,096 One-off Consultations

We handled 7,096 one-off consultations regarding emotional support, treatment advice and coping methods of treatment induced symptoms, community resources and family problems. The consultations were managed by members of our professional team including social workers, counsellors, registered nurses, dietitian, clinical psychologist and art therapists.

5,131 Calls Managed by Helpline

We offer support and information on cancer through our Helpline. Cancer patients and their caregivers face a myriad of emotions as they navigate decisions on medical care and changes to their family relationships and career. Our helpline is located in our Cancer Centres network and our team will refer callers, when necessary, for follow up support to our wide-range of programmes and professional assistance.

1,024 Nursing and Psychosocial Therapeutic Programmes

Our programmes are designed to assist anyone who has been newly diagnosed, in treatment, survivorship and advanced stage cancer. In the fiscal year we provided 1,024 programmes with nearly 2,000 sessions and nearly 21,000 attendances.

1,912 Rainbow Club members

Our Rainbow Club programme offers caring support to children who have a parent or relative who has been diagnosed or in bereavement due to cancer. These programmes address the needs of children and help them to release their emotions. Last year, 97 programmes were offered to 1,912 parents and children over 332 sessions.

15,595 Friends of CancerFund

Friends of CancerFund is a network of 21 self-help groups funded by the Cancer fund, that provides peer support, important exchange of information, rehabilitation service and encouragement to individuals touched by the same type of cancer. We have a dedicated team that helps provide a networking platform, guidance or programmes offered, and a place to meet for these groups. Last year we had 15,595 members.

Why a Good Stretch Helps

Our wellness programmes cover a vast array of free professional classes to help our clients with the physical, psychological and emotional support that they need while coping with their cancer diagnosis.

We have seen that the physical strength of many of our clients has noticeably decreased over the last few years and have therefore incorporated the use of resistance bands into some of our classes.

Resistance bands are easy and versatile to use for all levels of fitness and recovery whilst having a very low risk of injury. In our classes we use them as an aid to help improve stretching, mobility and rebuilding the muscles in the upper arms and shoulders.

In some of our classes, such as Yoga Stretching with Elastic Bands and Pilates Exercises classes, we encourage participants to use the resistance bands. As 60% of our clients are breast cancer survivors we also have Pink Yoga designed specifically for them.

Our wellness programmes are held in many different easy-to access locations and can be found in our Link magazine.

“

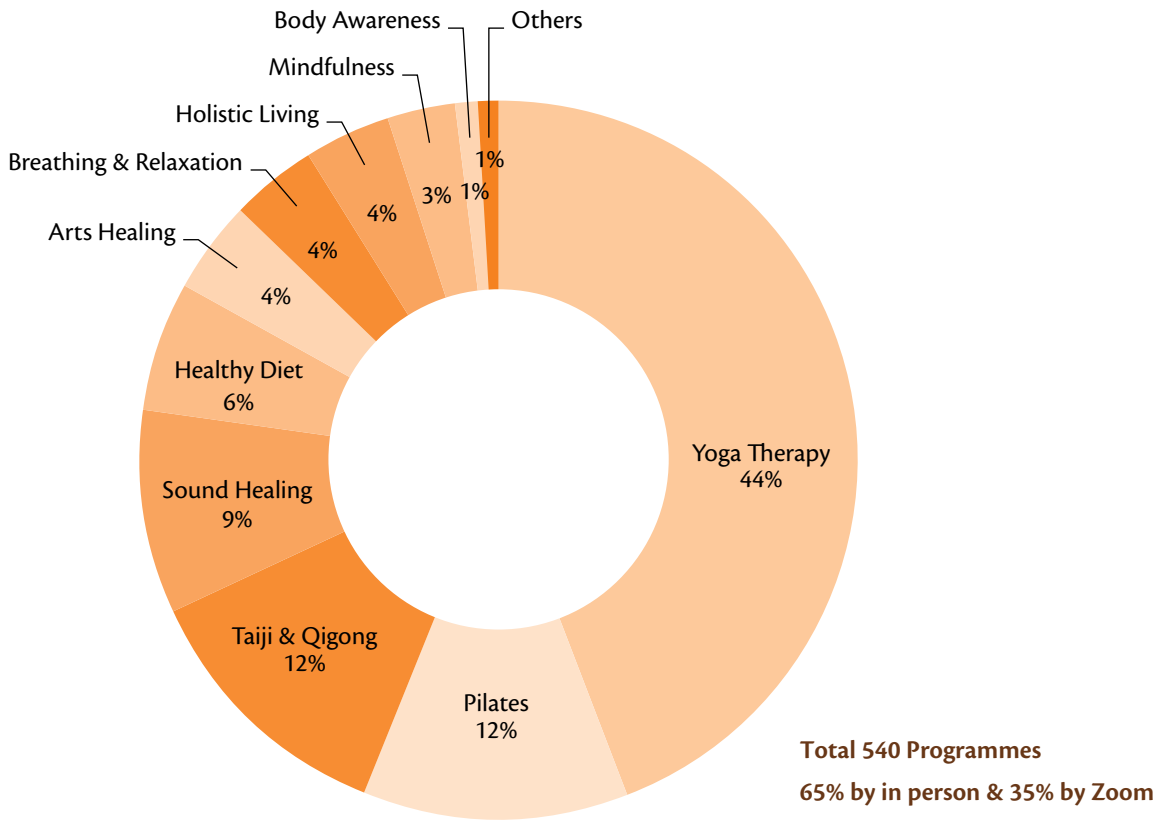

I have just finished a series of treatments that lasted for more than half a year. This programme has successfully helped the participants move from the challenging treatment phase to a recovery period filled with positive energy. The discomfort I was feeling after the radiotherapy has significantly reduced.

Raising Awareness

At the Cancer Fund we promote early detection for cancer as it is proven to saves lives. Through our campaigns we help build a cancer-smart community in Hong Kong as we educate the public on how to lower their cancer risk and the importance of regularly checking for life-saving early diagnosis.

To measure how many people are reached through our 3 campaigns, we conduct media surveys. These also determine the number of people intending to take action by changing their lifestyle or getting checked after seeing our campaigns.

Pink Revolution Launch Event

We're so thrilled to have Mrs Gigi Ma as our new Pink Ambassador for our Pink Revolution campaign. Gigi helped us launch the campaign at Harbour City alongside 16 breast cancer survivors and 60 guests including sponsors, volunteers and media partners.

Our new TVC features Gigi spreading the message to all women in Hong Kong that 'No Matter What Size You Are, Check Regularly'.

Our Executive Committee member Dr Janice Tsang, Founding Convenor of Hong Kong Breast Oncology Group, gave a talk to remind everyone that breast cancer is the most common cancer in Hong Kong and to reinforce our message to check regularly as early detection saves lives.

Publications: Cancer Booklets

Our latest cancer booklets are available in the public library as well as clinics and hospitals. This year we updated 9 booklets, including Leukaemia; Chemotherapy; Lung Cancer; Coping with Cancer; Cancer Comes to my Family; When a Family Member has Cancer; Radiotherapy; Brain Tumour and Cervix & Corpus Uteri Cancer.

Your Gift Makes the World of Difference

Thank You for Supporting Our Mission -
So No One Faces Cancer Alone

Pink Revolution

Pink Revolution is one of our most important fundraising campaigns held between September and October to raise much needed funds and awareness for breast cancer and the **FREE** professional support and services that we provide.

Our Dress Pink Day was held on Friday 27th October and more than 100 organisations joined us for the day by adding a splash of pink to their wardrobe and donating HK\$150 towards our Pink Recovery Pack and professional services. Throughout October we also ran our 'Shop for Pink' with more than 20 well-known retail brands supporting us with a percentage of their profits being donated towards Pink Revolution. In total we raised HK\$2,663,763.

Fine Arts Asia

Fine Art Asia is recognized as one of the most distinguished fine art fairs in the region, displaying museum-quality Asian and Western antiques, modern and contemporary art. Held on 5 – 8th October, 24 talented artists donated their artwork to raise funds to support our free professional support.

ICAP Charity Day

For the third year running ICAP (H.K.) Limited selected HKCF as one of their beneficiaries for their Charity Day. Held on 7th December ICAP invited local celebrity Mr Alex Lam to help their brokers close a few deals. All revenue and commissions on the day are donated to selected charitable organisations. We were thrilled to received HK\$434,903.

Langham Place Care Bear Charity Sale

Langham Place Shopping Mall in Mongkok organised the turning on of their Christmas lights and charity bear sale on 9th November. They generously selected us and our Rainbow Club as their beneficiary for the event. Our Rainbow Club supports children who have a parent who has been diagnosed with cancer. The Care Bear Charity Sale raised HK\$60,000.

Stride for a Cure

Stride for a Cure was finally back to an in-person event on 3rd December. Our annual hike brings together a diverse group of people all hiking for a great cause for cutting-edge cancer research. We had 1,470 participants including cancer survivors, medical professional, hospital groups, peer support groups, schools, corporations and the general public. This year we raised HK\$2,723,233.59.
